

A modern office interior featuring a glass partition system. The partition is made of clear glass with a silver frame. Inside the partitioned area, there is a dark wood desk with a computer monitor, a lamp, and two glasses of water. A black office chair is positioned at the desk. To the left of the desk, there is a small round glass table with two black chairs. Large windows in the background offer a view of green trees and a lawn. The ceiling has a grid pattern with recessed lighting. The floor is covered with a dark, textured carpet. The overall design is clean and professional.
