Panel Systems

The Collective Movement

The Panel Systems Edition

In today's dynamic and collaborative work environments, flexibility and adaptability are key. Enter our Paradigm Panel Systems collection - your ultimate solution to creating versatile and inspiring collective workspaces!

Designed to meet the ever-evolving needs of modern workspaces, Paradigm offers functionality, style and endless customization. Mix it with our other Lacasse casegoods solutions to bring your spaces to the next level.

Unlock the potential of your collectivity with Paradigm Panel Systems.

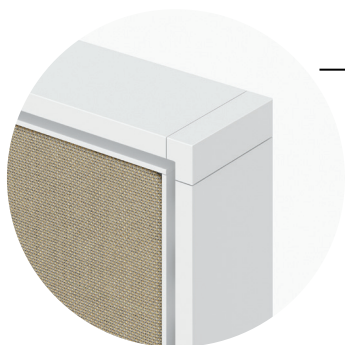

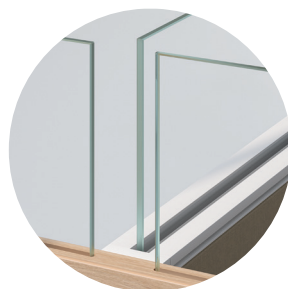

Achieve the tile look in your panel with our factory preset solution. It is easy to specify and easier to install!

Forget bulky panels! With an all-aluminum construction, Paradigm panels are lightweight and easy to manipulate. Your system will be durable and reconfigurable as your needs evolve.

Glass privacy screens elevate the finished look of your system with their refined design and no visible hardware.

Go Beyond the Panel

Our panels are not just dividers; they are canvases for innovation. Let your creativity flow by specifying Paradigm with other Lacasse staple products, like our high-end NEX storage for an elevated look, or our STAD surfaces and legs for a contemporary feel.

Specializing in efficiency, Paradigm consists of innovative storage modules, like these storage units with lateral opening compartments, which can also help manage privacy levels.

Paradigm has a solution for every type of environment: from the traditional to the most dynamic.
