

**Usher in sophisticated design
with curvilinear silhouettes.**

A sleek and signature base design that slightly twists and tapers creates the striking visual that is Ribbon’s namesake. Designed for DeskMakers by Henner Jahns, the Ribbon Casegoods collection blends classic design with a mid-century modern aesthetic – ideal in any private office.

Visually appealing from every angle.

Clean lines and a slender profile combine with signature details like one-of-a-kind pulls and uniquely crafted legs that provide a fresh point of view at every glance.

Complementary features create design continuity.

This versatile series includes generous work surfaces, space for personal items or work tools, as well as floating shelves that serve as additional storage. Offered in a mix of sizes and material options, Ribbon exemplifies DeskMakers’ design flexibility for a collection that truly inspires.

Make a statement.

Offered in an easy-to-use range of dimensions and material options, Ribbon is designed for contemporary office environments that seek elegance and simplicity with a unique design statement. For more information, or to view the complete collection, visit us online or contact your DeskMakers representative.
